

SPEEDTRAP.FUND

SLOW DOWN. SPEED TRAPS AHEAD.

DRIVE SAFE. KEEP YOUR MONEY.

WHAT WE DO

SpeedTrap.fund is an independent, driver-funded awareness platform. We document notorious speed-enforcement locations and crowdfund roadside warning signs that tell motorists to slow down before they get there.

If traffic enforcement exists to change how people drive, warning motorists in advance accomplishes the same public-safety goal - sooner, and without a ticket.

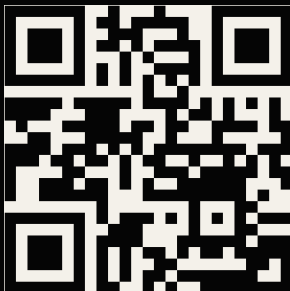

FIRST CAMPAIGN

Campaign #001 funds a warning billboard on the approach to Shoshoni, Wyoming, a small town known to drivers nationwide for aggressive speed enforcement. Funding goal: \$7,200. Every dollar is tracked on a public expense ledger.

TRANSPARENCY

Locations carry evidence statuses (Documented, Community Reported, Under Review). Campaign spending is published line by line - vendor, date, amount, and receipts. SpeedTrap.fund is not affiliated with any law-enforcement or government agency.
